

Tecumseh Council established a Tecumseh Heritage Committee under the following Terms of Reference.

Statement of Recognition:

Our inheritance of architecture, cultural and natural landscape is an important and irreplaceable asset and resource. The conservation of these resources is fundamental to creating community pride and identity, attracting new residents and tourism, all of which have important economic impacts on our community. As well, the benefits from conservation of our heritage architecture and cultural/natural landscapes occur not only to the present generation but also to generations in the future. The immediacy of such conservation and heritage planning comes from the fact that, unfortunately, what is not saved and preserved today cannot be saved and preserved tomorrow.

Overview:

The *Ontario Heritage Act R.S.O. 1990 c.O.18* (Act) provides a framework for helping municipalities conserve properties of significant heritage value or interest. It also enables and encourages citizen participation in heritage conservation locally. Through the Act, municipal Councils are authorized to establish a Municipal Heritage Committee (MHC): a municipal advisory committee made up of at least five (5) people. The function of the MHC is to

1. advise Council on local heritage matters; and
2. assist Council in carrying out its heritage conservation program.

Cultural heritage resources can be:

- Buildings and structures;
- Cemeteries;
- Natural heritage;
- Cultural heritage landscapes;
- Archeological sites, including marine archaeology;
- Spiritual sites;
- Cultural heritage resource collections;
- Intangible heritage;
- And more...

The 2005 amendments to the Act provide stronger protection for our cultural heritage, and a more important role for MHC's. MHC's are now even more crucial to municipal decision-making on heritage planning and conservation.

Council is empowered under the Act to:

- Designate individual property and designate districts or areas;
- Issue or refuse permits to alter or demolish a designated property;
- Repeal designation bylaws;
- Purchase or lease individually designated property;
- Expropriate designated property;
- Provide grants and loans to designated property owners; and,
- Enter into easements and covenants.

These statutory powers give rise to the following responsibilities of a municipal Council:

- Setting the municipal budget to be used for heritage conservation;
- Carrying out heritage conservation policies in the Official Plan and its amendments; and,
- Receiving recommendations and consulting with the MHC, where one is established, and having due regard for the committee's advice on designation, alterations to designated property, demolition, repeal of designation bylaws, and other matters relating to heritage conservation in the municipality.

The MHC is the resource base of information and knowledge for Council, administration and the community for all heritage matters.

In addition, the MHC, as an advisory committee of Council, is representative of the community and, as such, is recognized as the legitimate vehicle for co-ordinating and conveying community concerns. It, therefore, plays an important role by enabling the community to participate more directly in the decision-making process.

The role of the MHC may be summarized as follows:

- To advise and recommend;
- To provide knowledge and expertise;
- To facilitate the work of the organizing body by ensuring open and honest representation;
- To create a climate of consensus;
- To be sensitive to the range of views in the community which it represents;
- To promote good-will and trust within the community; and
- To act as a liaison between politicians, organizational staff, members of the public, and other stakeholders.

1.0 Role of the Town of Tecumseh Heritage Committee (THC)

Municipal Heritage Committee activities are largely determined by its provincially and municipally legislated role and include:

1.1 Advise Council on matters of cultural heritage;

- 1.2 Advise Council on all applications pertaining to a heritage property or a heritage district for the purpose of:
 - Designation or de-designation;
 - Alteration, addition or demolition;
 - Loans or grants; or
 - Easement agreements.
- 1.3 Advise and assist with the development and maintenance of an inventory of the Town's heritage resources. Typical activities include: Surveying, Inventory and Researching.
 - Many municipalities begin their heritage conservation programs by examining, researching, and evaluating all the properties and areas that may deserve protection now and in the future. The results of such a survey or inventory can make individual designation decisions easier and more objective. An inventory is also an effective tool for showcasing a community's properties of heritage value or interest.
- 1.4 Advise and assist with the development of municipal heritage conservation guidelines and significance criteria, and with municipal heritage policies, plans and programs; input to be included in development of policies, land use plans and related to the Town's Official Plan.
- 1.5 Advise and inform Council of new heritage legislation and funding initiatives.
 - The THC will inform and advise Council on new heritage legislation and funding initiatives either directly through reports and minutes or indirectly through noted input in reports developed by Tecumseh administration.
- 1.6 Advise and develop working relationships with owners of heritage designated properties such as, providing advice to property owners and appropriate conservation and maintenance practice.
- 1.7 Advise and assist with the development of education programs and promote the activities of the THC.
 - MHC's are active in promoting heritage conservation within communities. Municipal Heritage Committees often produce newsletters, descriptive guides, exhibits, and other educational material about notable buildings, streets, landscapes and districts to raise awareness of the unique qualities of the properties of heritage value or interest.
- 1.8 Liaise with other like organizations to promote Tecumseh's cultural heritage.
 - The MHC enables the community to express its interests in heritage conservation through a recognized forum, and to know and understand heritage issues. However, keep in mind that municipalities by themselves

cannot provide all the heritage conservation opportunities in the community. Cooperation and consultation with other heritage and community organizations not only supports existing networks but also promotes community involvement.

- 1.9 Develop an annual budget for submission to Council along with well-defined goals and objectives for the upcoming year.
 - Ultimately MHC budget approval rests with Council. MHC is accountable to Council for its financial transactions.
- 1.10 Advise and inform Council with regard to provincially-owned heritage properties.
 - In accordance with the Environmental Act, the THC will advise and inform Council on proposed alterations to or sale of heritage properties owned or leased by the Province of Ontario which are located in Tecumseh.
- 1.11 Advise/Inform Council with regard to national historic sites.
 - The THC will advise and inform Council on the heritage properties proposed for designation by the Historic Sites and Monuments Board of Canada, on cost-sharing agreements between Parks Canada and National Historic Sites and on issues relating to railway stations designated under the Railway Stations Protection Act.
